NOTE: The values to be used on pages 3 and 4 were determined in accordance with 50 IAC 4.2-7 which results in being stated at their True Tax Value.  No additional 35% Valuation Adjustment shall be allowed from these values.  Livestock, capitalized as depreciable assets for federal purposes, are to be reported at the unit values above.  Seed, livestock ( <i>including exotic animals</i> ), and other commodities with substantially more value than indicated above should be reported at 65% of their cost on lines 10 or 27.  Place of Filing - A personal property tax return must be filed in each taxing district where property has a tax situs. A return may cover all business locations in a single township.  However, if the property is located in two or more taxing districts within the same township, a separate return must be filed reporting the property in each of the taxing districts.  CCC grain used as collateral for a government loan remains the property of the farmer until title is passed to the federal government.			Layers and Breeders Months Left to Lay	Layers	Breeders
